**On our second page, create another big circle!**

```
74  struct SecondView: View {  
75  
76      var body: some View {  
77          VStack {  
78              Circle()  
79                  .foregroundColor(Color.red)  
80          }  
81      }  
82  }
```
