

On our first page, we will notice an error!

```
// Navigation
NavigationLink {
    SecondView()
} label: {
    Text("Go to second page")
}.buttonStyle(.borderedProminent)
```

Missing argument for parameter 'color' in call

Let's fix it by clicking 'Fix'!

```
60         // Navigation
61         NavigationLink {
62             SecondView()
63         } label: {
64             Text("Go to second page")
65         }.buttonStyle(.borderedProminent)
66     }
```

❌ Missing argument for parameter 'color' in call
Insert "color: <#Binding<Color>#>"
